

Bases & Power Supplies

Bases

Features

- Design registered bayonet base
- Locking facility on all versions
- Protection up to IP65 on deep and U base
- Concealed wiring

Benefits

- Allows a common mounting for Fulleon's conventional alarm products
- Robust design
- External use in areas of high humidity
- Allowing installation with minimum impact

Dimensions

The bayonet base has been designed to allow a common mounting for the Fulleon conventional alarm product range. The shallow base is suited to concealed wiring allowing installation with minimum visual impact. The deep and "U" bases cater for surface wiring of all types and provides ingress protection up to IP65.

The addition of 2 new low-profile base variants provide further options for installation in corners, or where the use of grommets or gaskets is preferred.

Technical Specification

Format	Circular bases with bayonet style detents
Lock	Screw
Compatibility Sounders	RoLP
Compatibility Beacons	Solex, Solista
Compatibility Sounder / Beacons	Flashni, RoLP Solista
Protection	IP54 (s) * IP65 (d) * (Product dependent)
Weight	0.1Kg (s) * 0.2Kg (d) *
Material	ABS
Colour	Red or white
Cable Entries Shallow	Single rear entry - 10mm Ø Side knockouts for surface laid cable up to 6mm Ø
Cable Entries Deep	Knockouts for 2 x 20mm Ø entries at 180°. Single 20mm entry may be drilled at rear
Cable Entries 'U'	For 2 adjacent 20mm entries Single 20mm entry may be drilled at rear

(s) * Shallow Base
(d) * Deep / U Base
