RoHS

The directive 2015/863/EU, of June 4 of 2015, from the European Parliament and Council, detail restrictions of use of certain hazardous substances in electrical and electronic equipment.

The directive regulates what kind of substances can be used in electrical and electronic equipment in the marketplace. RoHS identified substances that will be banned from electrical and electronic products sold in Europe are:

- Mercury (0.1%)
- Lead (0.1%)
- Hexavalent Chromium (0.1%)
- Cadmium (0.01%)
- Polybrominated biphenyl (PBB) (0.1%)
- Polybrominated diphenyl ether (PBDE) (0.1%)
- Bis(2-Ethylhexyl) phthalate (DEHP) (0.1%) (from 22 July 2019)
- Benzyl butyl phthalate (BBP) (0.1%) (from 22 July 2019)
- Dibutyl phthalate (DBP) (0.1%) (from 22 July 2019)
- Diisobutyl phthalate (DIBP) (0.1%) (from 22 July 2019)

Elpress AB, confirm that we only produce, supply or deliver products which are in accordance with the actual demands contained within the RoHS directive. Elpress product and packaging marking is as following:

- The packaging closest to the product is marked "RoHS compliant".
- Every order line in the order confirmation, delivery note and invoice is marked as RoHS compliant.

Elpress is, since March 2004, certified with reference to ISO 14001:

Certification body BSI, cert No. EMS 531083.

If you have any additional questions or enquiries do not hesitate to contact Elpress AB.
